COMMONWEALTH OF MASSACHUSETTS

Massachusetts Executive Department Publications

1975

State Library of Massachusetts

State House

Boston MA 02133

Cumulative listing of Publications of Massachusetts Executive Agencies (with some selected publications of the General Court) received in the State Library of Massachusetts during 1975.

This is an author-subject checklist which has been simplified for convenience. Some author names have been re-arranged but adjustments were made with caution aganist possible confusion.

This listing does not include all of the entries found in the monthly bulletins of 1975. Eliminated are all legislative documents (which are listed separately in a publication called Index of Special Reports Authorized by the General Court), separate publications of the laws of specific agencies, and some items of no continuing interest. Furthermore, those regulations which are published by the Secretary of the Commonwealth and sold in his Division of Public Documents, 116 State House are no longer included. But those regulations received, which are not required by Chapter 30A to be published by the Secretary are listed. The Library will continue to maintain a fully indexed collection of all state regulations, as received. Finally, periodicals will be found in a separate alphabet at the end of the main listing.

An asterisk preceding the title indicates that the item has been issued but not published. A copy may be consulted at the State Library, but it does not circulate. Copies are not available from the author/agency.

Serials are indicated by a lack of paging and the earliest number in our holdings is shown in curves. Frequency of publication is shown in the entry when known, and in cases of title variations, the current

title is used. (S) at the end of an entry indicates that the entry includes statistics. In addition, statistics will be found in almost all annual, quarterly, monthly,and weekly reports.

Items that are marked PD at the end of an entry, the Acts and Resolves, and most items that are priced by issuing agency are available from the Secretary of the Commonwealth's Public Documents Division, State House, Boston. All other items MUST be requested from the issuing agency.

All of the entries are official publications of the Commonwealth; all are in the State Library's collection and may be consulted there. For listings of publications about Massachusetts (government, places, people,etc) which have been recently added to the library's collections, see our monthly bulletin, MASSACHUSETTS MATERIAL.

June 30, 1976

Since July 1975 the entries in the monthly checklist (with specific exceptions, but including all periodicals) have been microfilmed each month as a commercial subscription service by Research Publications, Inc., 12 Lunar Drive, Woodbridge CT 06525. The underlined item number at the end of an entry herein is the microfilm sequence number for that entry.

341 State House
Boston, MA 02133

COMMONWEALTH OF MASSACHUSETTS

PUBLICATION OF THIS DOCUMENT APPROVED BY ALFRED C. HOLLAND, STATE PURCHASING AGENT.
450-2-78-142648

Cumulative listing of publications of Massachusetts Executive Agencies (with some selected publications of the General Court) received in the State Library of Massachusetts during 1976

This listing does not include all of the entries found in the monthly bulletins of 1976, as we have eliminated all legislative documents (which are listed separately in a publication called Index of Special Reports Authorized by the General Court), separate publications of the laws of specific agencies, and some items of no continuing interest. Periodicals will be found in a separate alphabet at the end of the main listing.

An asterisk preceding the title indicates that the item has been issued but not published. A copy may be consulted at the State Library, but it does not circulate. Copies are not available from the author/agency.

(S) at the end of an entry indicates that the entry includes statistics. In addition, statistics will be found in almost all annual, quarterly, monthly, and weekly reports.

Items that are marked PD at the end of an entry, the Acts and Resolves, and most items that are priced by issuing agency are available from the State Bookstore, 116 State House, Boston 02133. All other items MUST be requested from the issuing agency.

All of the entries herein are official publications of the Commonwealth; all are in the State Library's collection and may be consulted there. For listings of publications about Massachusetts (government, places, people, etc) which have been recently added to the library's collections, see our monthly bulletin, MASSACHUSETTS MATERIAL.

October 1977

Since July 1975 the entries in the monthly checklist (with specific exceptions, but including all periodicals) have been microfilmed each month as a commercial subscription service by Research Publications, Inc., 12 Lunar Drive, Woodbridge CT 06525. The underlined item number at the end of an entry herein is the microfilm sequence number for that entry.

COMMONWEALTH OF MASSACHUSETTS

Publication of this Document Approved by Alfred C. Holland, State Purchasing Agent
425-11-78-150603 Est. Cost per Copy $2.12

Cumulative listing of publications of Massachusetts Executive Agencies (with some selected publications of the General Court) received in the State Library of Massachusetts during 1977

This listing does not include all of the entries found in the monthly bulletins of 1977, as we have eliminated all legislative documents (which are listed separately in a publication called Index of Special Reports Authorized by the General Court), separate publications of the laws of specific agencies, and some items of no continuing interest. Periodicals will be found in a separate alphabet at the end of the main listing.

An asterisk preceding the title indicates that the item has been issued but not published. A copy may be consulted at the State Library, but it does not circulate. Copies are not available from the author/agency.

(S) at the end of an entry indicates that the entry includes statistics. In addition, statistics will be found in almost all annual, quarterly, monthly, and weekly reports.

Items that are marked PD at the end of an entry, the Acts and Resolves, most items that are priced by issuing agency, and certain other selections are available from the State Bookstore, 116 State House, Boston 02133. All other items MUST be requested from the issuing agency.

All of the entries herein are official publications of the Commonwealth; All are in the State Library's collection and may be consulted there. For listings of publications about Massachusetts (government, places, people, etc) which have been recently added to the library's collections, see our monthly bulletin, MASSACHUSETTS MATERIAL.

October 1978

Since July 1975 the entries in the monthly checklist (with specific exceptions, but including all periodicals) have been microfilmed each month as a commercial subscription service by Research Publications, Inc., 12 Lunar Drive, Woodbridge CT 06525. The underlined item number at the end of an entry herein is the microfilm sequence number for that entry.
